Re: JABG Acceptance

We have applied for and been awarded a grant from the Governor's Criminal Justice Division to help fund the operations of the 417th Juvenile Drug Court, the SOAR program. The grant is \$14,729 with a \$1636.55 county match. These funds will be used to offset the costs of drug screens and to help provide outpatient counseling for juvenile drug court participants.

I respectfully request that these grant funds be accepted.
